The administration has the right to form subcommittees and appoint members to serve the club's interests and enhance its activities. All members must show integrity and fairness to protect the interests and enjoyment of all. The administration has the authority to resolve any unclear or unspecified matters, and its decisions are final. In the event that the President or any committee officer resigns or is removed for any reason, their assistant or immediate subordinate shall automatically assume the position until a formal replacement is appointed by TBL management.

Each region (Eastern Province and Riyadh) is governed by its own operational regulations while maintaining the overall league structure. Both branches (Eastern & Riyadh) will have separate league play and individual results. At the end of the league season, the top three teams from each region (three from the Eastern Province and three from Riyadh) will compete in the final day, held at Al Gosaibi Bowling Center in Khobar, to determine the overall champion.

Throughout the league, side tournaments will be held, and players' performances in these events will earn points for their team. Whether it's a singles, doubles, or trios event, your game results will help boost your team's ranking! All tournament details will be included in the official timeline.

## D. Venue and Schedule

The weekly league for the Eastern Province branch is held at Al Gosaibi Bowling Center. For the Riyadh branch, the league and some tournaments will be held across two centers: the International Bowling Center and Asbar Bowling Center.

Final decisions about the schedule are made by TBL management. The responsible member (or their delegate) must notify all TBL members of tournament dates in advance to allow for proper preparation.

- The Low Mode prize is awarded to one winner only, regardless of the number of participants.

## G. Bowler Averages and Handicap (HDCP)

A bowler's average is computed weekly (after 12 Games) as Total Pin Falls Divided by Total games played minus Base (190 for woman and 185 for man ) multiplied by Handicap Factor (80%)e.g.[190-((TPF/TGP))\*80%]

A Goodwill Handicap for a new member\* shall be determined based on average in Saudi\Bahrain Bowling Federation.

The Handicap for a new member\* shall be determined based on average after completing first three (3) games of his/her first weekly tournament. However, to avoid misrepresentation of average & hdcp, new member's average shall be recalculated after his/her 9 or 12 games for the bowler's latest average as per paragraph one (1) above of this Article.

Senior Bowler whose age is 55 years old and above may avail of additional 2 hdcp per game; and for bowler whose age is more than 70 years old will be given an additional 3 hdcp per game and the total will be 5. However, exemption to this rule is when the senior bowler has a scratch average of 200 and above. A copy of valid document is required to support the claim. In case a bowler knocks his game out (incomplete) during the weekly game, his/her game shall not be included in the calculation of his/her new average. However, the number of games shall be added to his Total Games Played (TGP) for the calculation of required number of games for the league.

Tournament Director and other officers may do necessary adjustments on the classification of a new bowler if the said new bowler was obviously manipulating its scratch average during his/her three (3) games period to obtain higher handicap. This is to ensure fairness to all bowlers.
